

Hello, Friends:

The DNRC (Dept. of Natural Resources and Conservation) has recently posted the flip-chart notes from the last Woods Bay Section 20 meeting on the DNRC website (see link, below, to Woods Bay Section 20 page). **We have scheduled another meeting for Monday, July 21, 2008 from 6:00 – 8:00 p.m. at the Bethany Lutheran Church** located at 8559 Hwy 35 in Bigfork. The goal of the meeting will be to identify a community group to work with the DNRC on developing alternatives to land banking this parcel. DNRC Director, Mary Sexton, will be participating. We would encourage anyone who is interested to attend.

As well as providing notification to the Bigfork area list-serves, we are circulating this email to those who have provided us with their email addresses. **We feel it more appropriate for those of you who wish to receive any future notifications to “opt in” for emails rather than be signed up to a mailing list without your permission; therefore, if you’d like to receive any future emails, please go to the link below and sign up if you have not done so.** From now on, all DNRC-generated email notifications will go through the Woods Bay Section 20 list-serve recipient list.

The Kalispell Unit Manager, Greg Poncin, was recently called to California on a fire assignment, but plans to return for the July 21 meeting. He is trying to review emails remotely but may not have much time to respond. In the interim, if any of you have questions or need assistance, please feel free to contact me and I will try to assist you.
